Approved as written.

2. Watch Committee Report
No. 344

Noted.

3. NIE 11-5-57
Soviet Capabilities and

the Guided Missile Field

a. Approved as amended. In the course of the discussion, questions were raised, particularly by General Collins, with respect to the disposition of Section IV of the draft estimate. After an exchange of views on this matter, the members agreed that Section IV should be designated Annex A and remain physically attached to the published estimate. It was also agreed to authorize CIA to integrate with and incorporate in this Annex A the material contained in Annex A and Annex B of the draft estimate.

b. Agreed to defer action with respect to the post-mortem on this estimate, and the validity study of NIE 11-6-54 and NIE 11-12-55, until the next regular IAC meeting.

c. General Bull outlined steps which had been taken by representatives of AEC and CIA with respect to sanitization of this estimate for purposes of release to certain foreign governments. After discussing this matter the members agreed to review a memorandum listing possible deletions in the event of release, which had been prepared by representatives of AEC and CIA and circulated at the meeting, and to advise the IAC Secretariat of their concurrence
